

MES Webinar Series

We will be continuing our successfully launched MES Webinar series. In each series, we will inform you about tools, applications, and concepts to optimize model-based software development and give you the chance to exchange ideas with our experts.

Participation in our webinars is of course free of charge. Webinars are held in English (unless otherwise stated).

On Demand Webinars

You can find a selection of webinar recordings here.

Upcoming topics:

Detailed Design in Compliance with ASPICE 3.0 in Model-based Development

Jan 16, 2018–Jan 17, 2018

Do you know how to fulfill the requirements for detailed design in model-based design?

Detailed design is an essential activity during software development in general. Approaches to detailed design are well-known for programming languages like C. Nowadays, model-based development evolved as alternative programming paradigm. Still, the well-known requirements for detailed design cannot be straightforwardly mapped to model-based design. The presentation shows how the Base Practices for detailed design according to ASPICE PRM SWE.3 can be achieved in model-based development.

The webinar will take place on two alternative dates in English:

Date 1: Tuesday, January 16, 2018

Time: 4-5 pm CET (Berlin)/ 10 am EST (Detroit)/ 8:30 pm IST (Bangalore)/ 11 pm CST (Beijing)/ 12 am JST (Tokyo)

Registration: <https://model-engineers-event-en.webex.com/model-engineers-event-en/onstage/g.php?MTID=e37868bbb94a1cce17a4711eec52b976c>

Date 2: Wednesday, January 17, 2018

Time: 10-11 am CET (Berlin)/ 4 am EST (Detroit)/ 2:30 pm IST (Bangalore)/ 5 pm CST (Beijing)/ 6 pm JST (Tokyo)

Registration: <https://model-engineers-event-en.webex.com/model-engineers-event-en/onstage/g.php?MTID=e5cfb23dd9b90b1a96f770a891ad0b591>
