

MES Webinar Series

We will be continuing our successfully launched MES Webinar series. In each series, we will inform you about tools, applications, and concepts to optimize model-based software development and give you the chance to exchange ideas with our experts.

Participation in our webinars is of course free of charge. Webinars are held in English (unless otherwise stated).

On Demand Webinars

You can find a selection of webinar recordings here.

Upcoming topics:

Guideline Checks of Software Models According to ISO 25119

Nov 07, 2017–Nov 08, 2017

When developing tractors and agricultural machinery, the safety standard ISO 25119 must be fulfilled.

Volume 3 Table 3 of ISO 25119 describes the software design and development technologies as well as the measures that software for tractors and agricultural machinery should be developed in accordance with.

In this webinar, we will show you how you can carry out an automatic guideline check and repair with the MES Model Examiner (MXAM) to achieve compliance with ISO 25119.

The webinar will take place on two alternative dates in English:

Date 1: Tuesday, November 7, 2017

Time: 4-5 pm CET (Berlin)/ 10 am EST (Detroit)/ 8:30 pm IST (Bangalore)/ 11 pm CST (Beijing)/ 12 am JST (Tokyo)

Registration: <https://model-engineers-event-en.webex.com/model-engineers-event-en/onstage/g.php?MTID=ed06b74c0ec5f2a7a21363e6b4adf02aa>

Date 2: Wednesday, November 8, 2017

Time: 10-11 am CET (Berlin)/ 4 am EST (Detroit)/ 2:30 pm IST (Bangalore)/ 5 pm CST (Beijing)/ 6 pm JST (Tokyo)

Registration: <https://model-engineers-event-en.webex.com/model-engineers-event-en/onstage/g.php?MTID=e5b9115c72c59226751f4948b3701ae0c>
