

MES Webinar Series

We will be continuing our successfully launched MES Webinar series. In each series, we will inform you about tools, applications, and concepts to optimize model-based software development and give you the chance to exchange ideas with our experts.

Participation in our webinars is of course free of charge. Webinars are held in English (unless otherwise stated).

On Demand Webinars

You can find a selection of webinar recordings here.

Upcoming topics:

Refactoring Simulink® Models: 6 Secrets Revealed

Dec 08, 2020–Dec 09, 2020

Does it also surprise you that your Simulink models can become so confusing so quickly? Revising them to create a tidy model architecture also takes up a lot of time. In this webinar we share six secrets to model refactoring with you. These range from general improvements to model layout and structure and efficient signal routing to interface and bus processing and data flow analysis. Reliable routines facilitate modeling and refactoring. This not only makes the refactoring of models more efficient, but also a lot more enjoyable.

The webinar will take place on two alternative dates in English:

Date 1: Tuesday, December 8, 2020

Time: 4-5 pm CET (Berlin)/ 10 am EST (Detroit)/ 8:30 pm IST (Bangalore)/ 11 pm CST (Beijing)/ 12 pm JST (Tokyo)

Registration: <https://model-engineers-event-en.webex.com/model-engineers-event-en/onstage/g.php?MTID=eb2a6806ee1a1b02b25ac8dd7cdb7f97e>

Date 2: Wednesday, December 9, 2020

Time: 10-11 am CET (Berlin)/ 4 am EST (Detroit)/ 2:30 pm IST (Bangalore)/ 5 pm CST (Beijing)/ 6 pm JST (Tokyo)

Registration: <https://model-engineers-event-en.webex.com/model-engineers-event-en/onstage/g.php?MTID=e25ec75c2bffdd37c7fa9f10b83cee765>
