Sophia Kohle appointed as Managing Director at MES

The Berlin-based software company, Model Engineering Solutions GmbH (MES), would like to announce that Sophia Kohle has been appointed Managing Director. As of June, Sophia Kohle has joined Dr. Hartmut Pohlheim, who has held the position of CTO and Managing Director of MES since 2008.

Apr 22, 2020 09:00

The New MXAM V.6 - The Integrated Platform for Static Model Analysis

Model Engineering Solutions GmbH (MES) successfully brought the MES Model Examiner[®] (MXAM) and MES M-XRAY[®] (MXRAY) on the market as tools for static model analysis in compliance with ISO 26262. Up until now, these tools were based on two separate technical platforms. With the new MES Model Examiner[®] v.6.x - Functional Safety Solution, they will now be merged.
