3rd Floor, Entrance E  
10551 Berlin, Germany

Tel: +49 (0) 30 2091 6463 0

MES homepage:  
<http://www.model-engineers.com/>

---

### Directions

#### Public transportation

For those arriving at Berlin Hauptbahnhof (central station), you can easily access our office by public transportation.

Take bus 245 (direction S+U Zoologischer Garten) to Turmstraße subway station and walk north, crossing Turmstraße, up to Bugenhagenstraße. Now turn left and follow the road. After approximately 200 meters, you will reach Waldenserstraße and find our office site on the right side of the street.

Once you enter the site, you will find our office on the left side, last building (Entrance E). See map below.

For those travelling from another part of the city, you can map out a route with the Berlin transportation website:

<http://www.bvg.de/index.php/en/index.html> (Journey planner).

#### Travelling by car

Please refer to <https://goo.gl/DzyBEI> for the best route to reach us. There is a limited amount of parking slots directly on site. To exit the site you will need a coin, which you can receive from our office.

#### Transport from the airport

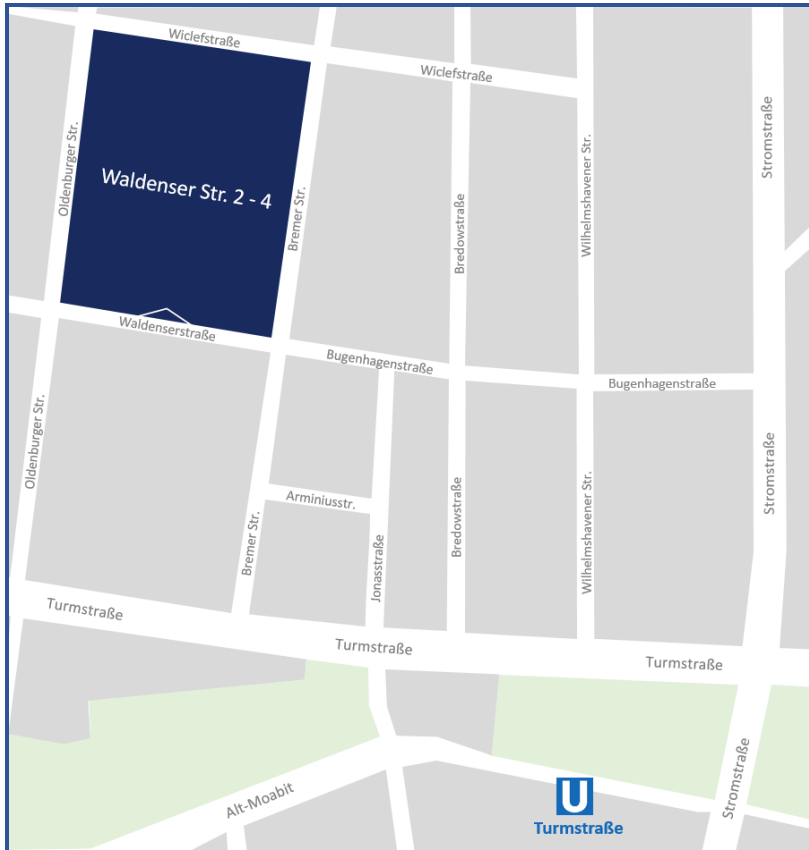

For those travelling from Berlin Tegel, you can take the bus TXL (to Turmstraße subway station) or go directly by taxi; both take about 15 minutes.

For those travelling from Berlin Schönefeld, you can reach us by taxi or public transportation (see Journey planner above); both take about 40 minutes.

## Directions to MES

Directions from subway station

Location on the Waldenserstraße 2 - 4 site
